Phytomer

It has always been a pleasure to work closely with Spa Sirene at the Royal Yacht. The synergy between the sea breezes of Jersey and the sea minerals of Phytomer is beautifully harmonious allowing clients to experience premium results driven yet relaxing treatments in the hands of the spas expert therapists.

Each Spa therapist is trained to the highest standard to deliver specific protocols with pioneering techniques, the memory and effect of which stay with the client for a long time ensuring they return for more.

As a brand we are proud to work closely with everyone at the Spa bring marketing initiatives, incentives, offers and product development. We are currently creating a bespoke celebration treatment to recognise the 10 years we have worked together.

Our enjoyment is not just sharing the wonders and delights of the Phytomer brand but is also in working hand in hand with Caroline and her team building brand awareness and client loyalty.

We look forward to the next 10 years of our partnership
